

# AEESP 2015 Conference Poster Instructions

## Poster size

The recommended poster size is 36 inch wide x 40 inch tall (91 cm x 101 cm), and the maximum poster size is 40 inch wide x 48 inch tall (91 cm x 122 cm). Smaller posters are also accepted. Posters will be attached to a cardboard backing by either binder clips or push pins (backing and attachments provided).

## Poster setup

Each author is responsible for both assembly and removal of the poster. Poster setup is scheduled for 4-5 pm on Monday, June 15. Please ensure that your poster is assembled and displayed by 5 pm. All posters must be displayed for the single poster session on Monday night. Please remove your poster at the end of the poster session. You may keep the poster backing or it will be recycled. Materials remaining on the poster boards after the session will be removed and discarded. Conference staff will be unable to retain posters.

## Poster design

The poster title should be present at the top of the poster followed by the author list and institutional affiliations. All text should be readable from 5-10 ft (1.5-3 m) away. We recommend title lettering to be around 2 inch (5 cm) tall, with subheadings 0.5-1 inch (1-2.5 cm). Please use font sizes 24 or larger for the main text.
